PROFESSIONAL SUMMARY

Full Stack Developer with internship experience building web applications using React.js, Next.js, Node.js, Django, FastAPI, and PostgreSQL. Skilled in RESTful APIs, JWT authentication, Docker, and modern frontend development. Passionate about creating clean, maintainable, and user-friendly applications while continuously improving full-stack development skills.

TECHNICAL SKILLS

Languages: JavaScript, Python, SQL, C

Frontend: HTML5, CSS3, React.js, Next.js, Redux Toolkit, Responsive UI Design

Backend: Node.js, Express.js, Django REST Framework, FastAPI

Databases: MongoDB, PostgreSQL

DevOps & Tools: Git, GitHub, Docker, Vercel, VS Code

EXPERIENCE

Full-Stack Developer Intern – Fxis.ai

Jan 2026 – Present

- Worked on web application development using Next.js, Django REST Framework, FastAPI, Docker and PostgreSQL during the internship.
- Built WorkforceHub, a workforce management platform with employee records, task tracking, and role-based dashboards.
- Developed REST APIs and implemented JWT-based authentication for application features.

MERN Stack Developer Intern – ITHUB Software Solutions

June 2025 | Short-term Internship

- Worked with MongoDB, Express.js, React.js, and Node.js while developing full-stack web applications during the internship.
- Built a Student Management System with CRUD operations using React.js, Node.js, Express.js, and MongoDB.

PROJECTS

WorkforceHub

React.js, JavaScript, DRF, PostgreSQL, Docker

- Built during internship at Fxis.ai — a workforce management platform supporting employee records, task tracking, and role-based dashboards.
- Designed a structured PostgreSQL schema with DRF serializers for efficient and reliable data access.
- Implemented secure JWT authentication with role-based access control to protect API endpoints.
- Integrated Redux Toolkit for async state management, ensuring a smooth and consistent frontend experience.

Art Waves – Online Art Platform

HTML5, CSS3, Vanilla JS, Node.js, Express.js

- Developed a full-stack art marketplace supporting product browsing and purchases with a clean, user-friendly interface.
- Built RESTful APIs with Express.js for product listing, user sessions, and order management.
- Designed a fully responsive, cross-device UI with consistent layout across multiple screen sizes.
- Deployed on Vercel with environment-based configuration for a reliable production setup.

Student Management System

MongoDB, Express.js, React.js, Node.js

- Delivered a CRUD-based student record system with real-time add, update, and delete operations.
- Structured MongoDB collections using Mongoose ORM with schema validation for consistent data integrity.
- Built RESTful API endpoints with Express.js, connected to a dynamic React.js frontend with component-based architecture.
- Achieved a fully responsive UI design compatible across mobile, tablet, and desktop screen sizes.

EDUCATION

Gyanmanjari Institute of Technology

2022 – 2026

B.E. in Information Technology | CGPA: 7.67 / 10.0

LANGUAGES

English | Hindi | Gujarati
